

ໂຄກໂກໂກ

On the road to the Atlas Mountains at the far reach of Marrakech rests a humble village where a small community of women handcraft our crochet pendant lights in their homes. Crochet is a craft passed on through generations of women in this village.

To reflect their origin, the sculptural shapes of the Malika pendants are inspired by objects used in daily Moroccan life, like tagines, baskets and pots. "Malika" is the name of the beautiful woman that made our very first crochet pendant.

Colección de colores

Select the color of your Wahad, Joosh and Seven Saint or customize with a maximum 2 colors.

Our current colour collection is inspired by the diversity of Morocco, from its earthy landscapes, vibrant cities, coastal villages, fragrant spices and dark desert night skies.

Each model is available in either “One Colour” or “Two Colour” formats. With the Two Colour format, the second colour is in the bottom section starting just below the lowest ring.

Colour sample kits which include the actual thread we use for all 16 standard colours are available
